The Dipper

There are cough medicines that are taken as freely as a drink of water from a dipper. They are cheap medicines. Quantity does not make up for quality. It's the quality that cures. There's one medlcine that's dropped, not dipped-Ayer's Cherry Pectoral. There's more power in drops of this remedy than in dippersful of cheap cough syrups and elixirs. It cures Bronchltis, Asthma, Croup, Whooping Cough, and all Colds, Coughs, and affections of the Throat and Lunga.
